THE PEOPLE

MOB HOTEL defends local, cooperative and fully organic agriculture. By sharing our menu, you defend a more ethical and responsible consumption with us. Our producers will be delighted.

Our menu, of a rare simplicity, evolves according to the seasons and discoveries in the market by Brice Morvent, our smiling and adored chef.

We prefer to focus on quality by offering you entirely homemade dishes. Besides, our oven can only cook about ten pizzas at the same time. It may be necessary to wait patiently for yours!
